

INTERVAL HOUSE | SHELTER AND SUPPORT FOR ABUSED WOMEN

Representation of philanthropists to conduct due diligence, identify and structure creative game-changing principal level philanthropic investments, define stewardship and recognition, develop gift agreements, and monitor adherence and implementation

Interval
House

Interval House is Canada's first centre for women survivors of intimate partner violence and their children. Founded in 1973 by a feminist collective, Interval House has always had a pioneering spirit, taking a holistic approach to helping women and children leave abuse behind and start new lives, free of violence.

They believe survivors and hold the dignity of residents and clients in high importance. Interval House uses years of experience and a trusted voice to speak up for survivors' rights and to call for an end to gender-based violence, believing everyone deserves a life of peace and safety and their goal is to help break the cycle of violence, for good.

The three clients of S. Sutton & Associates Inc. combined their giving in a creative and visionary way to address the key barrier to the sustainability and growth of Interval House by paying off the mortgage on the main complex.

S. Sutton & Associates Inc. was honored to represent these philanthropists by conducting due diligence, identifying and structuring these creative game-changing principal level philanthropic investments, define stewardship and recognition, develop the gift agreements, and monitor adherence and implementation.
