

## STELLA'S PLACE YOUNG ADULT MENTAL HEALTH TORONTO

---

**Representation of philanthropists to conduct due diligence, identify and structure creative game-changing principal level philanthropic investments, define stewardship and recognition, develop gift agreements, and monitor adherence and implementation**

Young Adult  
Mental Health

Stella's Place is the only mental health charity in Toronto that provides mental health services for young adults aged 16 to 29. The free mental health services empower participants to learn new skills and manage their own mental health, while accessing support on their own terms.

Their unique model works: they look at mental health through the lens of lived experience and evolve their approach as they learn from the people they serve.

At Stella's Place, participants have access to a holistic menu of programs virtually and in person, including peer-to-peer support, clinical services, wellness, and art. It's a place to find community and face the challenges of today, surrounded by encouragement.

The clients of S. Sutton & Associates Inc. provided principal level gifts to help secure and retrofit a new 12,000 square foot, three story building, doubling their previous capacity.

S. Sutton & Associates Inc. was honored to represent these philanthropists by conducting due diligence, identifying and structuring these creative game-changing principal level philanthropic investments, define stewardship and recognition, develop the gift agreements, and monitor adherence and implementation.
